To my friends at Summit State Bank:

I could not ask for a better second family. I have been banking personally and also with my business at Summit for eight years. It has been a wonderful experience for me.

Your team players out do themselves with their kindness at both the main branch and the Montgomery Village branch. Never, I mean never a waiting line and plenty of parking.

Keep up the good work! I recommend your bank to everyone.

Warmest Regards,

Richard Wagner
Owner
